Our Support team has just uploaded the recently completed QXpress User's Manual and QX Mobile Manual. Screenshots and instructions are now built off of the most recent version of the QXpress Software, and the most recent offering from QuickBooks.

The QXpress User's Manual is located here: http://www.qxpress.com/images/successstories/qxpress_manual.pdf
 The QX Mobile Manual is located here: <http://www.qxpress.com/images/successstories/qxmobile.pdf>

Our Support team will continue to update these documents to include any new functionality and enhancements to the QXpress Software.
