

Windows XP no longer supported

Posted On Jul 07, Posted by _ Category [Support](#)

As per Microsoft, support has ended for Windows XP as of 4/8/2014.

As a result, Qxpress will not be able to support issues reported specific to this OS either. □ We also will no longer support IE8 as of this date. If you have any Windows XP workstations or are using IE8, we strongly encourage you to upgrade them ASAP.
